

PROFILE CROP INNOVATION & BUSINESS 2019

This page about the 2019 edition of the CROP Innovation & Business conference may give you an impression about what the conference has to offer.

Topics

- How Will Digitization and Artificial Intelligence Transform Agriculture?
- What future for plant science in the EU
- What is the impact of the regulatory landscape on the seed industry, the value chain & society
- The Value of a Responsible and Sustainable Food Supply Chain
- Global economic growth, investment, trade, logistics and food prices
- Biological control
- Ornamentals in a changing market: producers and customers
- Fruit
- Indoor farming, digitization and big data
- Breakthrough innovations for better and healthier crops for the future
- Open field crops
- Vegetable crops
- Specialty crops

Speakers

- Nora Alonso Casajús, Iden Biotechnology
- Adam Anders, Anterra Capital
- Olivier Aretz, Dümme Orange
- Pierre Broun, Olam
- Johan Cardoen, VIB
- Filip Cnudde, Corteva Agriscience™
- Erika den Daas, Meijer Potato
- Gerbert Dijkgraaf, SVZ International, a Royal Cosun company
- Oleksandr Dovzhenko, ScreenSYS
- Tessa Duste, MOSS
- Katherine Dutmer,
- Peter Eckes, BASF Bioscience Research
- Vonnie Estes, Produce Marketing Association
- Clive Gristwood, Unilever U.K. Central Resources Limited
- Neal Gutterson, Corteva
- Inge Hanssen, DCM
- Sjoukje Heimovaara, Royal van Zanten
- Hans Jöhr, Nestlé SA
- Niko Koffeman, De Vegetarische Slager
- Matt Kramer, Fall Creek Farm and Nursery, Inc.
- Pim Lindhout, Solynta
- Niels Louwaars, Plantum
- Maga Malsagov, PureCircle Ltd.
- Tom Martens, Ugentec
- Lars Moelbak, Chr. Hansen
- Andre Moreira, Novihum
- Dwarkesh Parihar, Bioseed Research India
- Jan Pen, Verdant Partners LLS
- John Purcell, Bayer Crop Science
- Nityen Ranjan Lal, Gamaya
- Olivier Rigaud, Naturex
- Claudia Rössler, Microsoft Corporation
- Jacques Ruth, Deroose Plants
- Jurriaan Ruys, Sensoterra
- Maren Schoormans, Priva
- Stefan Schwarz, KWS Group
- Anker Sørensen, KeyGene
- Beat Späth, EuropaBio
- Bart Swinkels, NLO
- Ben Tax, Rijk Zwaan
- Ruud Tijssens, Agrifirm
- Joris van der Els, bloomon
- Stefan van der Heijden, Royal van Zanten
- Mark van Haaren, Syngenta Crop Protection AG
- Max van Hooren, University of Amsterdam - Plant Cell Biology (PCB)
- Cindy van Rijswijk, RaboResearch Food & Agribusiness
- Robert van Tuil, KeyGene

- Arjen van Tunen, KeyGene
- Marcel van Verk, KeyGene
- Paresh Verma, Bioseed Research India Pvt Ltd
- Mike Vermeer, SVZ International, a Royal Cosun company
- Stephan von Rundstedt, RoBoTec PTC GmbH

Participants

- 200 participants from over 18 countries and from 4 continents

Innovator pitches

- Tom Martens, Managing Director UgenTec (Belgium)
- Oleksandr Dovzhenko, Chief Operating Officer ScreenSYS GmbH (Germany)
- Dwarkesh Parihar, Head Biotechnology R&D at Bioseed Research (India)
- Andre Moreira, CEO Novihum Technologies GmbH (Germany)
- Stephan von Rundstedt, CEO RoBoTec PTC GmbH (Germany)

Sponsor and Exhibitors

- Corteva (U.S.A.)
- Dümmen Orange (the Netherlands)
- Enza Zaden (the Netherlands)
- Europa Bio (Belgium)
- KeyGene N.V. (the Netherlands)
- KWS (Germany)
- Limagrain (France)
- NFIA / Invest in Holland (the Netherlands)
- NLO (Netherlands)
- NRGene (Israel)
- Rijk Zwaan (the Netherlands)
- Sensoterra (the Netherlands)
- Syngenta (Switzerland)
- Takii (Japan)

Represented companies and organisations

22nd Century Group, United States
Advanta US, LLC, United States
Agri Information Partners BV, the Netherlands
Agrifirm, the Netherlands
AgriThority, United States
Anterra Capital, the Netherlands
Anthura B.V., the Netherlands
APCO Worldwide, Belgium
artecho, the Netherlands
BASF Agricultural Solutions, Belgium
BASF Bioscience Research, United States
Bayer, the Netherlands
Bayer CropScience NV, Belgium
Bayer Crop Science, United States
Bejo Zaden B.V., the Netherlands
BioLegal, the Netherlands
Bioseed Research India Pvt Ltd, India
bloomon, the Netherlands
Böhm-Nordkartoffel Agrarproduktion, Germany
Carlsberg, Denmark
Catalyze, the Netherlands
Chr. Hansen, Denmark
Corteva Agriscience, Switzerland
Corteva Agriscience, Germany
Corteva Agriscience, United States
Corteva AgriscienceTM, Belgium
DCM, Belgium
De Vegetarische Slager, the Netherlands
Deroose Plants, Belgium
Directed Genomics, United States
Dronkers Group BV, the Netherlands
Dümmen Orange, the Netherlands
Enza Zaden, the Netherlands
EpiEpressions, the Netherlands
Erasmus University Rotterdam, the Netherlands
EuropaBio, Belgium
Evonik Nutrition & Care GmbH, Germany
Fall Creek Farm and Nursery, Inc., United States
Floréac NV divisie Microflor, Belgium
Fluidigm, Spain
Fluidigm, United Kingdom
Future Genomics Technologies B.V., the Netherlands
Gemeente Lisse, the Netherlands
Genetwister Technologies, the Netherlands
GenNovation B.V., the Netherlands
Hague Corporate Affairs, Belgium
HAL Investments, the Netherlands
Hazera Seeds b.v, the Netherlands
Hogan Lovells International LLP, the Netherlands
Houthoff, Belgium
Houthoff, the Netherlands
Icos Capital Management BV, the Netherlands
Iden Biotechnology, Spain
Incotec Europe BV, the Netherlands
INGEVITY, Italy
Ingevity, United States
iVention, the Netherlands
KeyGene, the Netherlands
KeyGene USA, United States
Kincannon and Reed, United States
KWS Group, Germany
Lamb Weston / Meijer, the Netherlands
LG Chem, Ltd., Republic of Korea
LGC Genomics, United Kingdom
LGC Genomics GmbH, Germany
Limagrain, France
Lux Research, the Netherlands
Mahindra Agrisolutions Ltd., India
Meijer Potato, the Netherlands
Melchers Management & Biotech Consulting, the Netherlands
MetaSysX GmbH, Germany
Microsoft Corporation, United States
Mitsui & Co. Global Strategic Studies Institute, Japan
MOSS, the Netherlands
N2 Applied, Norway
